

SCHOOL TRIPS AND ACTIVITIES GENERIC CONSENT FORM 2021 AND 2022

As part of an engaging school curriculum teachers often organise for the pupils to participate in school trips, cultural activities and sporting events.

Events like these may require the pupils to travel to venues off site by bus, van, car or by foot. As part of school processes teachers complete a RAMS (Risk Management Plan) to ensure that risks are identified and managed. A request for additional supervision from parents or caregivers is an example of a risk that is being managed.

The school requires written parental permission for their child to attend these trips. We would request that you complete this general permission form in order to allow our school some flexibility for the occasional impromptu brief outing and to cover all locally based trips in the Auckland area.

- I have read the above information and hereby give permission for school trips and activities within the Auckland area.
- I agree to these policies and conditions
